I. The discovery of a latent PSC and a preliminary study of its skin electrical conductance, 216
- Zhu, Zongxiang: see Yu, Shuzhang

Subject Index

- Acupuncture:
and homeostasis, 1; and pentazocine analgesia, 225; effect of on adrenocortical hormone production, 61; effects of on cutaneous circulation, 310; effects of on cutaneous temperature and pain threshold, 305; effects of on pain threshold, 310; effects of on thermoregulatory responses, 308; endocrinological basis of, 298; modifying behavior of untamed ponies by, 84; use of to treat dysmenorrhea, 57; use of to treat neck pain, 326
- Acupuncture analgesia:
and endorphins, 249; enhancing effects of phenylalanine on, 243; for upper gastroin-

INDEX TO VOLUME IX, 1981

- testinal endoscopy, 171
- Acupuncture anesthesia and ventilatory responses to carbon dioxide and hypoxia, 315
- Acupuncture induces hypothermia and analgesia, 75
- Acupuncture loci and low resistance skin points, 155
- Acupuncture meridian and propagated sensation along the channels, 216
- Alchemy in India, 23
- Anticancer agents: influence of on murine erythroleukemia cells, 268
- Cancer (sartan) and its treatment in Greco-Arabian (Unani) medicine, 95
- Cardiovascular effects of Wu-Chu-Yu (*Evodiae fructus*), 39
- Chinese medicine and martial arts, 181
- Clerodenron fragrans (*Ventemaceae*): hypothermia effects of, 144
- Clonorchis sinensis: wormicidal Chinese drugs on, 277
- Comparative study of the word sugar and its Hindustani and Chinese equivalents, 187
- Computerized study of complex recipes of Oriental medicine, 34
- Computerized study of medicinal herbs most used in Japan and Korea, 134
- Computerized study of prescriptions in traditional Chinese, Japanese and Korean medicine, 197
- Cutaneous circulation: effects of acupuncture on, 310
- Diabetes mellitus: treatment of by traditional Chinese medicine, 93
- Dysmenorrhea: treatment by acupuncture, 57
- Electroacupuncture:
 - and jaw opening reflex, 236; effects of on jaw opening reflex, 319; role of subsequently activated receptors on, 164; use of to treat equine intestinal impaction, 174
- Endocrinological basis of acupuncture, 298
- Endorphins: mechanism of acupuncture analgesia, 249
- Enhancing effects of phenylalanine on acupuncture analgesia, 243
- Equine behavior: modified by acupuncture, 84
- Equine intestinal impaction: treatment of by electroacupuncture, 174
- Gastric ulcer: effects of *Carica papaya* on, 205
- Ginseng:
 - and the hypothalamic-pituitary control of stress, 112; effects of on mitosis, 119; effect of on survival of cultured mammalian cells, 48; ionizing radiation resistance of, 48
- Heart disease: treatment of with traditional plants in China, 193
- Herbs:
 - most popular in traditional Japanese medicine, 135; most widely used in traditional Korean medicine, 137; used to treat heart disease in China, 194
- Hypothalamic-pituitary control of stress: effect of ginseng on, 112
- Hypothermia effects of *Clerodenron fragrans* (*Ventemaceae*), 144
- India: tradition of alchemy in, 23
- Ionizing radiation resistance of Asiatic and Siberian ginseng, 168
- Jade and gold originally as drugs in China, 108
- Jaw opening reflex activity and electroacupuncture, 236
- Latent propagated sensation along the channels, 291
- Low resistance skin points and acupuncture loci, 155
- Martial arts and Chinese medicine, 181
- Murine erythroleukemia cells: influence of anticancer agents on, 268
- Mutagenic activity of *Ho Shao Wu* (*Polygonum multiflorum* Thunb.), 213
- Neck pain: treatment of by acupuncture, 326
- Oriental drugs and herbs for psychosomatic diseases, 285
- Oriental medicine:
 - computerized study of complex recipes, 34; computerized study of complex traditional Japanese and Korean herbs, 134; computerized study of prescriptions in traditional Chinese, Japanese and Korean medicine, 197
- Pain threshold: effects of acupuncture on, 310
- Phenylalanine: effects of on acupuncture analgesia, 243
- Polygonum multiflorum* Thunb. (*Ho Shao Wu*):
 - mutagenic activity of, 213
- Propagated sensation along the channels and acupuncture meridians, 216
- Psychosomatic diseases: Oriental drugs and herbs for, 285
- Respiratory post-operative effects of acupuncture and pentazocine analgesia, 225
- Serotonergic mechanisms of hypothermia induced by *Clerodenron fragrans*, 144
- Subsequently activated receptors in electroacupuncture, 164
- Tai Chi: benefits of, 17
- Tai Chi Chuan, 15
- Tai Chi philosophy, 17
- Thermoregulatory responses: effects of acupuncture on, 308
- Tibetan medicine: theory and practice, 259
- Traditional Chinese medicine: treatment of diabetes mellitus by, 93
- Traditional Japanese medicine: most popular herbs of, 135
- Traditional Korean medicine: herbs most widely used in, 137
- Unani (Greco-Arabian) medicine: treatment of cancer (sartan) in, 95
- Wormicidal Chinese drugs on *Clonorchis sinensis*, 277
- Wu-Chu-Yu (*Evodiae fructus*): cardiovascular effects of, 39
